InI was ten years old. There was no Internet as we know it todayand as such, I was sheltered from the horror that was happening just one town over. Due to Canadian rules around this case, a lot of the explicit court details were kept out of the press, as my hometown and its surrounding areas had never had anything more criminal than maybe a petty theft here or there, and, as can be expected, the region was pretty fired up.

Today, these two abominations to the human race are still reviled and despised. In fact, Karla I will not call her Ms. At the end, where Williams was actually present for the court case, it reads like a well-developed true crime novel.

I felt like I was Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka a story written by a twelve- year old, occasionally interspersed with big words they had looked up in a dictionary, but the information was fascinating and I was able to overlook the juvenile telling.

Once the adult-sized Williams took over, the story was a little more cohesive with a better flow. Both characters are examined in detail, along with their obviously damaged personal histories. The novel provided me with information that has been purposely kept from Canadian media, and of course, that is the most fascinating bit.

The mismanagement of this case by every legal, governmental and even policing body in this area does not give me confidence, and in fact, this is still a matter that Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka joked about Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka. Overall, this novel provided me with a solid sojourn into the true crime genre.

It obviously had a powerful effect on me knowing I had been to some of the places as the killers was creepy, and finding out the body parts of one of the victims had been buried merely kilometres away from my front door was even worsebut the in-depth look into the minds of two of the most notorious Canadian psychopaths was just what I was looking for.

A solid 3. View all 9 comments. Nov 01, Laura rated it really liked it Shelves: truecrime. This book is really infuriating, actually, because Homolka, who was probably more culpable than Bernardo and should have spent the rest of her life in a supermax uh, hello, she helped rape and kill her own sister!

Last I looked, she was out of prison, remarried, with a kid of her own. That should scare the hell out ofThis book is really infuriating, actually, because Homolka, who was probably more culpable than Bernardo and should have spent the rest of her life in a supermax uh, hello, she helped rape and kill her own sister! That should scare the hell out of anyone reading this, trust me. Gotta love those gender stereotypes, yessir!

This review has been hidden because it contains spoilers. To view it, click here. Oh my lord. I like to boast about America doing things bigger and better but you aren't playing around with your serial killers, Canada. I first heard about Paul Bernardo and Karla Homolka from my husband who gave me the basics of the story which of course led to a wikipedia rabbit hole situation and eventually led to me reading Stephen Williams's classic work about the couple, the crimes, and all that those involve.

Go away Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka you don't want to be spoiled. Keep going. These puppies are sick. I am horrified just thinking about it. And just everything. I mean, I sent my husband a text that was slightly in jest but honestly, I knew that Paul Bernardo was a fucking monster when I read that the person he looked up to and wanted to most Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka like was Vanilla Ice.

Vanilla Ice. Like, you can't make this shit up. And Karla, well, yeah. I knew she was sick as soon as she began "encouraging" her boyfriend to rape women. Oh and when she offered up her 15 year old virgin sister as a "wedding present" to Paul. Oh and like a bunch of other girls she did this to. I am spinning off the planet here. In conclusion, actual monsters in Niagara here, people.

Oh and in case you were wondering the cops are as useless as ever. View all 4 comments. I decided to read another true crime story and this one popped up on my recommendation so I picked it up. It was a few years back when I learned about Karla and Paul in my favorite crime site which is no longer available.

I was engrossed from first page up to the last. With the very intriguing story, it delves into the early lives of both Karla Homolka and Paul Bernardo, how they grew up, their family background, their troubled childhoods. Giving the readers a grater insights into the minds ofI decided to read another true crime story and this one popped up on my recommendation so I picked it up. Giving the readers a grater insights into the minds of these two cold blooded killers.

This book also contains graphic details of the crimes and Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka of them were videotaped. My heart break for the family of their victims; for knowing what their daughters went through in the hands of Karla and Paul. And I was saddened, and sickened with the knowledge that Karla didn't get the sentence she deserved. Overall, this book was a great read because Stephen Williams is an excellent writer and he did a great job with this one though this book is not an easy read.

Aug 15, SAM rated it really liked it Shelves:good-true-crime. The cops were incompetent. I've read a lot of true crime books and too often the authorities make stupid mistakes; reports don't get filed, leads aren't investigated, DNA samples aren't tested for two years!!!! I'm not an investigator so maybe it's easier said than done but i wonder how many of these true crime "It just did not seem possible that such a well-educated, well-adjusted, congenial young man like Paul Bernado could be responsible for such horrible crimes" It's the same old story.

I'm not an investigator so maybe it's easier said than done but i wonder how many of these true crime books would have been written without the mistakes of the cops. I'd like to think i'm a hard person to gross-out. The Jeffrey Dahmer book shocked me and the state of Sharon Tate's corpse wasn't nice to read about but i wasn't grossed out or sickened.

This book, however, broke me. The crimes are grim, disgusting, depraved and every other evil perverted word you can think of. Despite the content the book was very well written. There's a lull in the middle but it picks up toward the end. This isn't something i would recommend unless you have a stomach made of iron.

Mar 26, Delilah rated it it was amazing Shelves: true-crime.

Read Invisible Darkness Online by Stephen Williams | Books

I hate not finishing a book that I've started but I had to give up on this one. The writing wasn't bad but I just could NOT deal with the contents. I like true crime; it's one of my favorite genres. Very, very, very thorough book about this criminal couple. Great details about everyone's private lives: the killers themselves and the victims. Even the random girls Bernardo attacks are given short narratives that draw you in. Very good read but miserable at the same time. Stephen Williams. They were two beautiful, wholesome-looking young kids, Paul working for a major accounting firm and Karla assisting at an animal health center.

They were deeply in love. They were getting married in an exotic setting. They had so much in common. And indeed they did. They both liked nothing better than Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka kidnap their victims, assault them and then murder them.

Who knew that even on their wedding day they had just killed another young girl and disposed of her body? Certainly not the police, who had been hiding the fact that a whole series of rapes had been taking place in the neighborhood in order not to alarm the local community. When they eventually came clean about what had been happening, they published an artist's impression of the Scarborough Rapist that looked exactly like Paul - they were even told repeatedly that it looked exactly like Paul - but it would take them years, and several subsequent deaths, before they took these allegations seriously.

In contrast, the authorities were very quick to prosecute the author of this book, and of its sequel, Karla, charging Stephen Williams with trumped-up offenses for having the temerity to point out how grossly incompetent Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka had been, in a nine year persecution that led to his receiving a US Human Rights award normally only bestowed on writers working under dictatorships.

And yet all this happened in Canada.

To all appearances, Paul and Karla Bernardo had a fairytale marriage: beautiful working-class girl weds bright upper-middle-class guy and they buy a Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka dream house in the suburbs.

But, bored with his straight, prestigious accounting job, Paul soon went freelance as an international smuggler. He also revealed his boredom with conventional sex—enough so that, one Christmas Eve, he persuaded his wife to drug her own sister and engage in a menage a trois, during which the sister died a bungling coroner ruled her death accidental.

The couple then upped the ante, kidnapping and imprisoning several high school girls for sexual marathons, which they videotaped before savagely murdering their captives. During questioning, she confessed to the crimes and is now serving two concurrent twelve-year sentences for manslaughter in exchange for testifying against her husband, who was jailed for life. The writing wasn't bad but I just could NOT deal with the contents. I like true crime; it's one of my favorite genres. I like to scare myself and I also like to try and understand what Invisible Darkness: the Strange Case of Paul Bernardo and Karla Homolka people act so inhumanly. I don't have a problem with some graphic details, but this book took it to a whole new sickening level. I couldn't continue. Definitely not my cup of tea. Very, very, very thorough book about this criminal couple.

Great details about everyone's private lives: the killers themselves and the victims. Even the random girls Bernardo attacks are given short narratives that draw you in. Very good read but miserable at the same time.
