21 Amazing Examples Of Shadow Art

But each item in this refreshingly inexpensive set proved handy. The neutral shadows can be worn sheer or layered for a bolder look. The chocolate pencil is soft but not mushy, so you can draw a crisp or smudged line. The double-sided wand holds a clear gloss for naturally enhancing lashes and a gelsier gel for shaping and holding brow hairs.

And the tweezers and eye shadow brush rival far pricier tools. Next page: Patterned palette. I first dusted the silvery shade all over, then accented my lash lines with black, brightened my lower lids with pistachio, and added a bit of spruce to creases to add drama.

Bottom line: The trick to great results? Blend the shades on your eyes, not in the palette. Next page: High-tech design. Voice technology has made its way into my makeup bag. With the push Secrets and Shadows a button, a prerecorded makeup artist a tiny speaker is embedded under the Secrets and Shadows of this palette talked me through the steps involved in creating a smoky eye. Her instructions included brush recommendations and Secrets and Shadows hints.

Next Secrets and Shadows Press-on shadow. Each sheet gives you three coordinated shades—base, crease, and highlighter. But careful placement and a light touch are important. I learned this the hard way after slapping a sheet on my lid and rubbing its backing like a scratch ticket—only to win a sparkly mess. Eye Shadow Made Easy. June 28, Save Pin ellipsis More. Our beauty editor's top five picks of new eye makeup products. Start Slideshow. The rainbow eye look is easier than it seems.

Bottom line: Your very own makeup artist in a box. Bottom line: Love the concept, but it takes practice to Secrets and Shadows the hang of it. Replay gallery. Pinterest Facebook.
