Start your review of Ultimate Showdown Middle School 5. May 16, Elizabeth rated it really liked it. This is the first book in the Middle School series that I've read and it's number five and I loved it!

It was very entertaining and would be a perfect book to recommend to a reluctant reader, or anyone who enjoys books like the Diary of a Wimpy Kid series or the Dork Diaries. Middle School: Ultimate Showdown School: Ultimate Showdown is a sibling debate book with Rafe and Georgia going back and forth giving advice on many things middle schoolers have to deal with : bullying, siblings who are embarrassing, teachers and I This is the first book in the Middle School series that I've read and it's number five and I loved it!

Middle School: Ultimate Showdown is a sibling debate book with Rafe and Georgia going back and forth giving advice on many things middle schoolers have to deal with : bullying, siblings who are embarrassing, teachers and librarians who just don't seem to like you and food, just to name a few.

I think one of the best aspects of this book was the sibling rivalry between Rage and Georgia. It made the book realistic and for me funnier.

Finally, I also liked how this book was an activity book as well. Every few pages were places where the reader could draw, write in their opinions on the topics that Rafe and Georgia were talking about, or puzzles to solve.

I feel like this provides kids with an additional way Middle School: Ultimate Showdown invest in the book, which as a librarian, I feel is always a good thing! I would Middle School: Ultimate Showdown recommend this book to any of my patrons at work- and I plan to! Note: I was provided a copy of this book in exchange for an honest review.

View 1 comment. May 22, Jean rated it liked it. This book should appeal to kids from about ages 9 through middle school. Girls especially will delight in filling in the many and diverse activity pages.

It's silly fun as they go back and forth with contrasting tastes and opinions regarding typical middle school subjects: school assignments, bullies, dress codes, vacations, friends, TV shows, hygiene and st This book should appeal to kids from about ages 9 through middle school.

It's silly fun as they go back and forth with contrasting tastes and opinions regarding typical middle school subjects: school assignments, bullies, dress codes, vacations, friends, TV shows, hygiene and styles, bathroom subjects of Middle School: Ultimate Showdown, and others.

At one point, Rafe and Georgia weigh in on their single mom's online dating-- a subject I imagine many kids could identify with.

The activity pages offer an array of opportunities for kids to list their preferences, write their own opinions, make up silly songs and stories, be creative.

The 'Wimpy Kid' style illustrations on every page have proven to be popular with the middle school crowd. I even experienced some adult-sized chuckles reading some of the pages, especially where Rafe and Georgia present their common-sense adolescent views on fairy tales.

I would recommend this book to my grandkids, with a slight reservation regarding some negative views about school. Disclosure: I received a complimentary copy of this book from the author; I offer my honest review. Jun 03, Ms. Yingling rated it liked it. Rafe and Georgia Katchedorian are always fighting with each other, and in this book that "they" put together, each gets an opportunity to expound on a certain topic, and then pages are provided for readers to write in their own opinions on topics ranging from bullying to school Middle School: Ultimate Showdown to fashion.

The book is copiously illustrated, and there are lots of places for readers to write in observations. This is a fun book for readers to delve into and to keep as a record of their own middle school expe Rafe and Georgia Katchedorian are always fighting with each other, and in this book that "they" put together, each gets an opportunity to expound on a certain topic, and then pages are provided for readers to write in their own opinions on topics ranging from bullying to school dances to fashion.

This is a fun book for readers to delve into and to keep as a record of their own middle school experiences. In fact, this made me hugely nostalgic for the calendars that my brother and I got every year for Christmas-- I think they were in the same primary colors as the book cover and came

with stickers to add for appointments and events. If you know a reader who is a fan of the Middle School books, this would be a great present to get that reader to start thinking about keeping a journal.

Because of the consumable quality of the book, *Middle School: Ultimate Showdown* is not well suited for library collections. Jun 19, Laura rated it really liked it Shelves: humorshort-storiesset-in-middle-schoolnarrative-illustrative-combo. James Patterson or rather his publisher, sent me this book. I am thrilled!

I *Middle School: Ultimate Showdown* not expect what I found. First off, I am not the target audience. As an adult who is trying to stamp out burping and farting contests in 7th grade. However, James Patterson knows his audience. He knows my students, despite being almost teenagers, are fascinated with bodily functions. This was a total shock to me when I began teaching middle school--farting and burping are still fascinating subjects! I know I ought James Patterson or rather his publisher, sent me this book.

I know I ought not take off a point for that but I didn't enjoy the book as much as I'd like as a result of farts. I love the interactivity of the book.

I received a hard cover *Middle School: Ultimate Showdown* I know it's going to *Middle School: Ultimate Showdown* tempting for my students to destroy my book. I'm thinking of putting out a sacrificial copy of the book on my bookshelves for the students to destroy I really liked the smackdowns, the competitions between two viewpoints or choices. I have so many students who are unwilling to take a stand.

They vacillate. I'm hoping this book will help them make a choice and take a stand. Maybe this will even transfer over into their essays. In any case, I can imagine my students debating the qualities of dogs over cats, pizza over burgers, Rafe over Georgia. I really wish I could get a copy for each student in my class. I'd love *Middle School: Ultimate Showdown* turn this into a whole class novel just so they *Middle School: Ultimate Showdown* debate. Unfortunately, I know my district doesn't consider books consumables an attitude I'm trying to rid myself of.

I want students to learn how to destroy books with marginalia, pics, and annotations. Nov 24, Cheryl rated it it was ok.
