The Golden Weapons (LEGO Ninjago Reader #3) by Tracey West

The Tornado of Creation can only be performed by the Ninja through their presence. They also have the potential to create something out of nothing due to the The Golden Weapons (Lego Ninjago: Reader) possessing Golden Power. The Overlord sent the Nindroids there to retrieve the remains, which would allow him to become the all-powerful Golden Master. Despite efforts by the Ninja to stop them, the remains of the weapons were obtained and melted down and reformed into the Golden Armor.

After the Tornado of Creation formed by the six Ninja and the Sons of the First Spinjitzu Master the Golden Weapons were drained of their power, and are once again no longer used by the Ninja. After imbuing them with power at the Temple of Light he used them to create Ninjago.

Prior to his death, he entrusted his sons, Wu and Garmadon with protecting The Golden Weapons (Lego Ninjago: Reader) Golden Weapons.

While training Morro Wu eventually presented the Golden Weapons to his apprentice to see if he would become the Green Ninja.

However, the Weapons didn't react, enraging Morro over his destiny of the Green Ninja being false. After succumbing to the power of the Great Devourer Garmadon attempted to claim the Golden Weapons for himself. After he and Wu clashed over the Weapons, they eventually slammed them together, resulting in an explosion that separated the two and created a storm above. Following Garmadon's banishment, Wu proceeded to hide the Golden Weapons across Ninjago, tasking the Dragons with protecting them.

After the Weapons were hidden, Master Wu created a map so that if he died or was captured, the Weapons could be obtained if they were needed. This map was given to Ray the Elemental Master of Fire. The Ninja were carrying Wu to the Caves of Despair to get the first golden weapon. They snuck in and grabbed the scythe, but Jay revealed their location by screaming, thus they were The Golden Weapons (Lego Ninjago: Reader) by the Skulkin.

Fortunately, the Ninja learned Spinjitzu and managed to beat the Skulkin. At the Frozen Wasteland the Ninja traveled there The Golden Weapons (Lego Ninjago: Reader) boat. Zane attempted to get the Shurikens of Ice but was frozen by the Ice Dragon. The Ninja managed to escape while sledding on Zane's ice cube, but crashed, breaking the ice cube. They then traveled to the Floating Ruins to get the Nunchucks of Lightning. The Skulkin beat them, but they were chased off.

Unfortunately, the Lightning Dragon appeared and tried to chase the ninja, but they managed to escape. Kai was lured in by Nya to the Fire Temple. The Nya turned out to be a fake and was Lord Garmadon by using a shadow. The real Nya was chained above the lava, and Garmadon tempted Kai to unleash the Sword of Fire to cut the chains, but would The Golden Weapons (Lego Ninjago: Reader) free Garmadon. He did it anyway and was battled by The Golden Weapons (Lego Ninjago: Reader) own shadow.

Wu defeated them. Samukai eventually gained the upper hand and claimed the Sword of Fire; after that, he attempted to use the Golden Weapons to defeat Lord Garmadon and retake the Underworld.

However, the Weapons' power was too great for him to handle, and as a result, he was destroyed and created a portal. Garmadon used this opportunity The Golden Weapons (Lego Ninjago: Reader) escape to a secret dimension of his own, vowing to become strong enough to wield all Four Weapons at once.

After Garmadon left through the portal, the The Golden Weapons (Lego Ninjago: Reader) Ninja took the Weapons, vowing to protect Ninjago and be ready for Garmadon's return. Kruncha and Nuckal got the idea to steal the Four Weapons from the Ninja while they were sleeping and temporarily became the new Masters of Spinjitzu through them.

After a whirlwind adventure on the training course at the Monastery of Spinjitzu the Skulkin Generals decided that it wasn't a great idea, to begin with, and returned the Weapons. The ninja decided to do a tournament to decide the Green Ninja.

They used the golden weapons to fight each other, but in the final round, Kai lost control of his causing a fire, The Golden Weapons (Lego Ninjago: Reader) luckily Master Wu used the shurikens to put out the fire.

When Jamanakai Village was attacked by the Hypnobrain Jay was going to use his nunchucks, but Zane said not to because they were too unstable. During their battle with the Fangpyre tribe, the Ninja discovered that they could transform the Golden Weapons into vehicles, allowing them to steal the Fangpyre Staff and use its antivenom to cure Ed and Edna of the Fangpyre Bite.

At the Lost City of Ouroboros the Ninja confront Pythor and the Serpentine, but as they charge into the arena, they are caged in, dropping their weapons in the proceeds. When the Great Devourer attacked Ninjago City Lord Garmadon returned—now with four arms thanks to his time in the realm of darkness—and demanded that the Ninja give him The Golden Weapons (Lego Ninjago: Reader) Golden Weapons, as only their combined power could destroy the Devourer.

Seeing the logic in their foe's plan, the Ninja reluctantly complied, and Garmadon used them to destroy the Great Devourer once and for all. Unfortunately, Garmadon promptly fled the scene with the Golden Weapons.

Lord Garmadon used the combined power of the Golden Weapons to repair the Destiny's Bounty as a dark counterpart known as the Black Bounty. Using his new airship, he brought the weapons back to the Golden Peaks, where they were merged into the Mega The Golden Weapons (Lego Ninjago: Reader) which could create, but not destroy, anything.

When Lord Garmadon attempted to change the future by going back in time, the Ninja ended up shadowing their past selves on their quest to claim the Golden Weapons. When they clashed against Lord Garmadon now allied with his past self inside the Fire Temple Jay gathered the Golden Weapons of the past and gave them to his friends.

Using the combined elemental power of the past Weapons, the Ninja destroyed the Mega Weapon, taking the Golden Weapons with it. As the Nindroid conflict raged on, the Golden Weapons were revealed to have survived the destruction of the Mega Weapon; they had been shot into space and landed on a comet called Delta V.

Pythor intended to have the Nindroids travel to Arcturus to seize their remains so he could fulfill an ancient prophecy. The Nindroids constructed a rocket ship to go into space and retrieve the weapons from the comet, with the Ninja pursuing them across Arcturus before Cryptor and his remaining allies abandoned them there.

With the Golden Weapons obtained, the Nindroids melted down their remains to build the Golden Armor which endowed the power of the First

Spinjitzu Master to a single being. As Pythor planned, the power was passed onto the Overlord making him the Golden Master and fulfilling a The Golden Weapons (Lego Ninjago: Reader) prophecy.

The rest of the Weapons' remains were used to help construct the Overlord's new mech. After the Golden Master's destruction, Cyrus Borg retrieved the Golden Armor and had it hidden away where no one would find it. It was able to keep the Oni away from them. They took it with them onto the Destiny's Bounty where Nya came up with the idea to reforge the Golden Armor back into the Golden The Golden Weapons (Lego Ninjago: Reader).

Kai was able to reforge the Golden Weapons, and the Ninja used them to battle the Oni. Because of their presence, the Ninja, Wu, and Garmadon were able to use the Tornado of Creation to defeat the demons.

Following the tornado, the weapons lost their power, and their golden gleam faded. Jadeblade Weapons. Obsidian Weapons. Serpentine Staffs. Sign In Don't have an account? Start a Wiki.
