Within some of these regions are more subdivided regions. These regions are just used to map out areas of Japan and are not necessarily divided as such for administrative or political purposes. Prefectures are what one would call divisions that have a hold on the administration of the area. The point of using a region as a reference is for historical as well as other useful purposes, such as weather reports, or explaining a general area of where a person, culture, or piece of history hails from.
Before it was officially divided into Prefectures, it used to be segmented into provinces before the Edo period. In between the provinces of Omi and Yamashiro is the Osaka Tollgate, which is currently located around the prefectures of Shiga and Kyoto. It was depicted as the center of Japan and was such until the Kanto Region was developed, and overtook the role of Kansai as being a busier, more central region.

Unlike Kanto which Kansai is always compared to, that was developed relatively later during the existence of Japan, Kansai has much deeper roots when it comes to history and culture. It held the first capital of Japan to exist during the Nara period, having the easternmost part of the Silk Route in Nara itself, which was a connection of routes that early civilizations used to trade throughout Eurasia.

This is where the influence of Buddhism seeped in, thus the construction of Ise Shrine in the Mie Prefecture during A. In between the Heian Period and Meiji Restoration, what is deemed as a traditional culture in Japan flourished in terms of religion Buddhism, literature, The Tale of Genji, and performance arts Bunraku. Relative to Honshu, Kansai is in the lower-middle area of the island. The total population as of October was 22, over its 27, square kilometer area.

The beauty about Kansai is despite being constantly matched up against Kanto, Kansai has many more stories to tell with its vibrant variations in culture.

Osaka, for example, is known for its booming trade industry, Nara is known for its ties to the ancient past. Some even put up the people coming from both regions against each other, saying that those who hail from Kanto are more serious and sophisticated, while those who are from Kansai have a more open, easy, entrepreneurial air about them. This was observed by Catherine Maxwell, who worked as an editor for Omusubi. In Osaka, the top location that is visited by tourists is Universal Studios Japan, which comes in second place after Tokyo Disney Resort as the most popular amusement park in Japan.

The next highest rated and acclaimed Colloquial Kansai Japanese: The Dialects and Culture of the Kansai Region is Osaka Aquarium, which has collected species from different parts of the Pacific Rim. In Kyoto, the second hottest place for tourists to visit is Kyoto Railway Museum, with Colloquial Kansai Japanese: The Dialects and Culture of the Kansai Region most popular spot tourists visit being Nijo Castle.

Showing Average rating 3. Rating details. More filters. Sort order. Mar 16, Jenn rated it really liked it Shelves: japanese-language. A very fun read. I read this before spending a year in the Kansai region Kyoto prefecture, to be precise and as soon as I landed I was hearing all these wonderful Kinki words! Without this book giving me a basic understanding, I would have struggled a lot more. As well as being very light-hearted, it’s very informative.

And unlike some other books I’ve seen on Kansai-ben, it’s very clear that there are Colloquial Kansai Japanese: The Dialects and Culture of the Kansai Region lot of differences between the different parts of the region. Unfortunately there is no CD A very fun read. Unfortunately there is no CD so there is no way to here how beautiful and melodic Kansai-ben is.

A fun, light read- definitely recommended. Sep 21, Drew rated it really liked it. This was a pretty thorough and interesting intro to the Kansai dialect.

I speak fluent Japanese and I always poke Colloquial Kansai Japanese: The Dialects and Culture of the Kansai Region at my wife who is from the Kansai region by telling her I don't think she can speak standard Japanese. I hear many of these words in our daily life and naturally pick up on them, and some of the words I ask her about they and she says "we never use that. I would suggest this book to anyone interested in the dialect, but it cannot be the only tool.

Nothing will beat conversation with those from the region and this book should be looked at as a study supplement. Also, take out the romaji, it is nothing but a crutch. The Japanese language has several variants most of the written characters being borrowed from the Chine. This text explore the colloquial language of Japan's Kansai language as it occurs in several regions.

This is a useful tool for anyone studying Japanese. Dec 18, Jac rated it really liked it Shelves: japanselanguages. An easy to understand primer on some of the nuances of kansai ben and the culture surrounding it. There are a few mistakes here and there. Overall a good reference for Kansai Japanese, especially for those who are still working on learning Japanese.

Everything is explained for intermediate learners. If you have learned standard Tokyo Japanese, it's a one day read. The culture notes are fun, too, like the section on the Hanshin Tigers.

Romaji are evil! I really wish they hadn't included them, but it was easy to just skip them and read the Japanese. That's part of the reason it was a quick rea There are a few mistakes here and there.

That's part of the reason it was a quick read. May 09, Jake Chesser rated it liked it. Concise, interesting book on Kansai-Ben. It's been fun learning more of Colloquial Kansai Japanese: The Dialects and Culture of the Kansai Region intricacies and reasons behind the Japanese I was surrounded by in Hyogo, though the book seems to focus more on Osaka-Ben seeing those differences was another big plus.
You also get access to the internet around the train stations, a map, and some coupons. In all of Japan, Kansai-ben is only second-popular next to Tokyo-ben. You have the choice to buy a 2-day or 3-day card, that gives you unlimited access to tour the region. When you buy a Kansai Thru Pass or KTP, ticket succession of days.
