Dragonriders of Pern is a science fantasy series written primarily by American-Irish author Anne McCaffrey[a] who initiated it in Beginning in her middle child Todd McCaffrey has written Pern novels, both solo and jointly with Anne.

The series as of July comprises 23 novels and several short stories. Most of the short fiction has been collected in two volumes or incorporated in one of the novels, so Dragonriders of Pern is sometimes identified with the 24 books. Humans The MasterHarper of Pern colonized the planet Pern in the Rukbat star system, but have lost much of their technology and history including their origin on Earth due to periodic onslaughts of

ThreadThe MasterHarper of Pern mycorrhizoid spore that voraciously consumes all organic material, including humans and their crops, given the opportunity.

Thread comes from the Red Staractually another planet. The Red Star has a Turn Pernese year elliptic orbit around Rukhbat, and when its orbit brings it close enough, Thread rains down on Pern at predictable intervals over about 50 Turns. The Pernese use intelligent firebreathing dragons to fight Thread.

A human rider has a telepathic bond with their dragon, formed by Impression at the dragon's hatching. Later books deal with the initial colonization of Pern and the genetic modification of small native animals into creatures capable of carrying humans in flight.

The Pernese live in a pre-industrial societywith lords, holds, harpers musicians, entertainers, and teachersand dragons, with occasional examples of higher technology like flamethrowers, the telegraph, chemical fertilizers, and powerful microscopes and telescopes. There are four basic social classes: Weyrfolk including Dragonriders who live in Weys, Holders who rule Holds cities, towns and farmscrafters, and the Holdless who have no permanent home including traders, displaced Holders, and brigands.

The series as a whole covers over two and a half millennia. There are 23 Dragonriders of Pern novels and two collections of short stories through July Anne McCaffrey once requested reading the works in the order they were written. The McCaffreys have published stories set in several different periods of Pern's The MasterHarper of Pern from initial exploration to more than 2, years after landing AL. Multiple stories feature the same events from different viewpoints. Some stories feature travel between times, even across centuries.

Todd McCaffrey, writing alone or with his mother, has specialized in an early time period. These stories take place immediately before and during the Ninth Pass, about 2, years after landing AL.

These stories take place immediately prior to and concurrently with those depicted in Dragonquest and The White Dragon. Both were finalists for both awards.

In Dragonflightthe first Pern book published, was released as a set of three graphic novels by Eclipse Books of Forestville, California. The story was adapted across all three graphic novels by Brynne Stephens. The project began as an idea to include written music in the book of the same name, printed on the inner faces of the cover. By the time the composers had written and auditioned the early drafts at the author's table it was clear that making the songs a reality to their creator's satisfaction was finally possible.

The CD project was completed some eighteen months later and released to the approval of the author and fans of the series worldwide. The second CD pertaining mainly to the work another Pernese harper, Menolly, was completed in December It had never been seen or The MasterHarper of Pern before. Songbooks are also available containing the music from the first CD, with a similar book for the second in the works.

Prior tothe motion picture and ancillary rights to the literary property were optioned by various entities, including Robert Mandell for a cartoon series adaptation that was eventually redeveloped into Princess Gwenevere and the Jewel Riders [11] and Kerry Skogland.

InMcCaffrey sold The MasterHarper of Pern motion picture rights to an Irish company, Zyntopo Teoranta, who entered into a co-production The MasterHarper of Pern with Alliance Atlantiscovers development including advanced 3-D animation and compositing The MasterHarper of Pern for television budgets. Distribution pre-sale The MasterHarper of Pern failed, and Zyntopo Teoranta entered into an agreement with Ronald D. Moore as showrunner to present the project to Warner Brothers Network.

The largest part of fandom is made up by clubs that allow their members to 'play' Pern by creating original characters within the setting of Anne McCaffrey's world. To avoid conflicts with Pern canon and trademarks, each club typically chooses a particular location and timeline as a unique setting different from Anne McCaffrey's established history of Pern.

Most commonly, clubs are named for the main Weyr chosen as The MasterHarper of Pern location. Historically, the first clubs started out publishing printed fanzines containing fanfiction and artwork. With the advent of the internet, clubs using online technology such as roleplay via chat or email PBeM became popular. In the mid '90s, stringent rules were placed on the creation of new clubs and the governance of existing clubs, resulting in legal action against some fans.

In NovemberAnne McCaffrey relaxed her fandom rules significantly and allowed Pernese fanfiction to be posted freely throughout the Internet. Soon after, fanfiction sites such as FanFiction. The relaxing of the rules also resulted in the appearance of message board-based games as another popular club type. Fan sites no The MasterHarper of Pern require The MasterHarper of Pern and are not bound to the formerly strict canon rules, resulting in fan clubs testing out alternatives such as new dragon colors or off-Pern scenarios.

From untilAnne McCaffrey's website offered a popular discussion forum and chat The Kitchen Table for fans to interact with each other and with the author. After its discontinuation in Januaryseveral fan-organized discussion forums have taken its place as an outlet for fan activity.

Start your review of *The Masterharper of Pern* *Pern*, I've figured out why Anne McCaffrey frequently stated that the *Pern* novels should be read in publication order rather than by their internal chronology. It's because she couldn't be arsed to keep accurate notes about the series and didn't want her readers to catch on to that fact by noticing the errors.

My favorite example of this is the rapid progress of *Piemur* and *Jancis'* relationship. At the end of *The Renegades of Pern* they finally slept together for the first time. Then the workers at *Landi* I've figured out why Anne McCaffrey frequently stated that the *Pern* novels should be read in publication order rather than by their internal chronology. Then the workers at *Landing* woke up the *Deus in Machina* who told them the story of *Dragonsdawn*.

In the first few chapters of the next book, *All the Weyrs of Pern* someone asks *Piemur* when the wedding will be. Because it's been all of a couple of days and they're engaged now. There's something to be said for seducing your girlfriend in the horse pasture, it seems.

At first *The MasterHarper of Pern*, you wouldn't expect *Master Robinton* to be a continuity error. She seemed to have a pretty good grip on his *The MasterHarper of Pern*. At least she did until she decided to write *The Masterharper of Pern* and warp his entire life into unrecognizability.

What are the facts about Robinton's life pre?

We can't ask McCaffrey because she's dead, The MasterHarper of Pern her answers would probably be a little iffy even if she were alive. The MasterHarper of Pern let's ask someone who's read more Pern novels than she should admit to.

That would be me. His The MasterHarper of Pern was Petiron, who ended his days working at Half-Circle Sea Hold which was conveniently located as far away from the Harper Hall as he could get.

Robinton's preferred wine was Benden red, which helped save his life when he had a heart attack at the queen's open mating flight at The MasterHarper of Pern Weyr. He ended his days at Cove Hold on the Southern Continent where he, D'ram, and Lytol were in charge of the excavations at the ancient Landing site.

He died along with his fire lizard Zair and Aivas after the highly improbable events of All the Weyrs of Pern. He was an older gent, most likely in his fifties at the beginning of The MasterHarper of Pern which means he was around when he died.

On the whole he was a likeable character, a fatherly figure to the harpers, a steadfast friend to the Weyrs, a man who was passionate about gathering and disseminating knowledge to everyone.

And then Masterharper of Pern comes along to stomp all over that last statement. The first grand offense against The MasterHarper of Pern committed by this novel is having Robinton's mother be a member of the Harper Hall.

Who remembers why Menolly was such a big deal when she became an apprentice harper? All together, class: It was because girls were not accepted as Harpers! In The MasterHarper of Pern early Pern novels a woman's lot was not a fulfilling one for ladies with career ambitions. Most women were wives and mothers; the lucky ones who were Searched were able to do more with their lives than be brood mares.

This is an example of McCaffrey trying to retcon Pern into some kind of utopia which is a big reason why all the novels after the first half of Renegades of Pern sucked.

But I can deal barely with Mastersinger Merelan. McCaffrey begins to attempt to explain why the number of women in the Hall dropped to zero near the end of the book, but the problem is she spent too much time on the bullshit at the beginning when she turned Robinton into the prototype Golden Child.

For you see, my friends, young Robinton was a child prodigy who could play every instrument perfectly by the time he was three, who could write music when he was five, who rewrote the Teaching Ballads, and also sang the Question Song for the Benden Weyrleaders. Astute readers will recall that in Dragonflight Robinton clearly stated that he had just rediscovered this ballad before he sang it to Lessa. Just to cram his wonderfulness down our throat even more, McCaffrey adds daddy issues.

Petiron was so The MasterHarper of Pern up in his composing and his wonderfully gifted soprano wife that he just didn't have the time to care about his son. The MasterHarper of Pern basically ignored Robinton for the first five or six years of his life, which sent Robinton straight into a borderline unhealthy relationship with his mother.

The majority of the book deals with this. Because that's what we really wanted to know about the Masterharper, right? We wanted to hear—in excruciating detail, no less—all about the freaky weird love triangle between Merelan, Petiron, and Robinton. The one that ended up with Petiron and Robinton arguing over who loved her more after she died? Yeah, that one. The second major continuity error comes when young Robie first meets a dragon.

He's able to talk to it. Astute readers once again may remember The MasterHarper of Pern Robinton couldn't hear dragons until he had his heart attack and Ramoth and Mnemeth started talking to him to keep him alive. After that he heard them a couple more times, but only when they contacted him directly.

These same astute readers will also remember that only powerful queen riders like Lessa could hear all dragons in addition to their own. Men could only talk to their own unless circumstances warranted, like the heart attack. With the introduction of dragons comes the name-dropping segment. Robinton The MasterHarper of Pern every single person who's important in the later Pern novels. He runs into young Raid, later Lord Holder of Benden when he's just a stuffy youth.

His best friend is young Fallonier who later becomes F'lon, father of F'lar and F'nor. He encounters C'gan, later known as the first rider to die of Threadscore in the Ninth Pass. He works at High Reaches for a while where he meets and immediately dislikes Fax. In later chapters he sees Lessa as a toddler in a scene that's not completely shoehorned in at all. Oh and The MasterHarper of Pern I'm thinking of it, McCaffrey rips off Menolly's table-walking scene at the end of Dragonsinger for Robinton's own promotion to journeyman.

At fifteen, which was supposed to be obscenely young. Because going back and checking on Menolly's age at her own promotion 14 would be too hard. Then there's the pointless marriage that's only there to add some tragedy The MasterHarper of Pern Robinton's life as if this hatchet job disguised as a novel wasn't tragedy enough. He meets Kassia at High Reaches and immediately falls in love with her like every other guy in the Hold.

However, none of the others are Mr. Perfect Robinton, so they can't make her forget her dead husband and fall for them. But, alas, they decided that they should go on a late autumn cruise for their honeymoon. I would like to point out that Kassia was a sailor raised in a family of sailors. This is important because late autumn is a dangerous time to be out on open water in northern climes.
