Schools and parents want to make sure that students are learning - which means continual evaluation of performance. Our Discovery Island has assessment games and tests in every unit to track students' progress. Audio CDs. The Class Audio CDs contain all the chants, songs, stories, and listening comprehension activities. There are also karaoke versions of the songs. Every level of the course has a DVD with four episodes. Each episode can be used to reinforce and extend the language focusing on the topics and language from every two Student Book units.

It can also be used with just a computer and projector. It contains links to all of the Student Book and Workbook pages, digitally transformed to create more opportunities for interaction between students, the teacher, and the classroom resources, as well as links to the audio and video. Picture Cards. Set of Picture Cards for each level contains the main target language in each unit which are used to present, practice, and consolidate language. There is a multi-poster pack for the course. Level 1. Level 2. Level 3. Level 4. Level 5. Level 6. Find your local rep. Level 1: Family Island. A world designed for and dedicated to the family — very kid-friendly. It is a safe, fun world, with plenty of open spaces and parks.

Level 2: Tropical Island. Level 3: Space Island. This is a far away planet that has life on and under the surface. In some ways it is very hi-tech and in others, very primitive. It is inhabited by aliens of various sorts. Level 4: Movie Studio Island. The island is a huge Movie Studio, with sets for several films of different genres. As well as the sets, there is also the paraphernalia of filming with star trailers, catering, props, special effects, etc. Level 5: Ice Island. This is a lush winter wonderland, where the glaciers and snowscapes are interspersed with luxury ice hotels, ski caves and humble mountain dwellings.

People get around by conventional transport and by skis, snowboards, skates, para-gliding, and a helicopter. Level 6: Future Island. The island, which was a normal mix of town and country in , has developed to the extent that all green spaces have filled in and been replaced by a modern, urban civilization. Our Discovery Island

Language is extended through a catchy song, and practised and systematised through integrated skills work, quizzes and games. Language repetition in meaningful interactions make English easy to remember and easy to transfer to normal everyday interaction. Full digital support package includes the Online World, Active Teach for Interactive Whiteboards and eText for all devices, including tablets. Specific materials for the new curriculum provides you with useful tools such as rubrics and assessment by competence. The Online World offers children online games where their avatars interact and solve exciting and original missions. Games-based learning is based on the principles of... Extremely easy to teach, Our Discovery Island focuses on making things simple, straight-forward but extremely memorable. Extra resources for teacher userss. Characters they can get to know across all units through different activities and stories help pupils stay interested.

As new vocabulary and language structures are introduced it's important that pupils are exposed to them several times. Once pupils are exposed to new language via their textbook, it's useful for them to become familiar with new learnings and practice it in the Activity Book, then see it again in a video format or on the iWB. Introducing language structure in a way that pupils can make sense of it is important, and one thing that helps is to introduce language in manageable amounts. It's useful for pupils to see the target structure in a way that can be used as a model for practice and continued reference. It is amazing what the kids are willing to do on a computer that they are reluctant to do in a book or on paper. Pupils are excited when we incorporate technology into the classroom.

Schools and parents want to make sure that pupils are learning — which means continual evaluation of performance.
