Thank you again for your business. Stay healthy and safe, Best regards Bala Bhat. A most convenient location to visit Portland and the surrounding area and still enjoy the small town atmosphere. If you want a quiet and warm place to rest, you should put this hotel on you itinerary as you travel. Bala Bhat, General Manager at Best Western Newberg Inn, responded to this review Dear esteemed guest, Thank you for your business and preference of our hotel to the other branded hotels of Portland.

We are happy because you had a wonderful quiet stay at our place. Stay healthy and safe, Best regards Bala bhat. Everything was immaculate, Kayla and Ben at the Front Desk were great. The housekeeping staff did an excellent job keeping the rooms and hallways clean. They still had Breakfast items available at the Front Desk for pickup. These days we still serve a stand and serve breakfast on the weekends. Difficult to manage the service with the special care needed due to pandemic.

We are happy that you have enjoyed our hospitality and the great rooms and the stand and serve breakfast. Stay well and healthy. Sincerely Bala bhat. We had a pleasant 2nd visit back to Newberg and our last visit in August was just as nice. Our visit may have not materialized if I had not got in contact with the friendly people I will mention below that made our trip possible. Our issues began when my instincts were telling me to give the Travelodge hotel where I had originally booked our accommodations a call and so I did. This was a day before Thanksgiving a day before we were about to head-out on During my original reservation process, I suppose I had forgotten to select while booking that we were going to bring our little doggie Mr. Tuckers with us. I confirmed with the receptionist to see if Mr. Tuckers was on the list and he was not.

From what I can tell you are already good at scouting, you aim to get better and know you have weaknesses, which means you very well may reach your goals as far as baseball is concerned. But man, you’ve got a special talent yourself which goes beyond recognizing a baseball prospect and it is writing. Reply to MichavdB. I enjoy reading your stuff more than any other writer here, Jason. It’s not a slam on the other writers, but an acknowledgement that I like your style of writing and look forward to reading more of it. You can always do both writing and scouting. The situation suddenly turned frantic when the receptionist mentioned that no more dog-friendly rooms were available and they were all spoken for. The receptionist then told me that she would get in contact the motel manager to see what could be done. Time was of the essence as they would say and I was worried that we wouldn't have a place to stay so I quickly went on the web to see if I could find any last-minute hotels around the area. I contacted Best Western and spoke on the phone with Beth and she was very friendly, understanding and helpful.

They had one pet-friendly room left and Beth advised not to book the room in case we were allowed to let Mr. Tuckers stay with us back at the Travelodge room. Had I booked the Best Western room, then canceled, I would have incurred a cancellation fee since the 24hr window for cancellations had already surpassed. This all took place before 5pm in the evening. The cutoff time was 4pm.

When I mentioned to Beth that we had issues with our Travelodge reservations, she mentioned that the manager Mr. Bala Bhat happened to manage both hotels. About 1hr later, I get a call from Mr. Bala Bhat and he quickly assured me not to worry and that the accommodations for our family were already being taken care of. Our new plan was to relocate to the pet-friendly room at the Best Western just down the street. The pricing would remain the same as our Travelodge accommodations. Man what a sigh of relief! Bhat and I had a warm, pleasant, happy and welcoming conversation over the phone. He told me not to worry and that everything would be taken care of. His words over the phone took such a burden off my shoulders. When we arrived at the hotel in the late evening the next day, I checked in and was greeted by Ben at the front desk. Ben was kind and welcoming. He mentioned all the details about the hotel, what time was breakfast being served, where to locate the fitness room and mentioned the pool wasn't going to be opened for another 3 weeks due to COVID.

After receiving 2 keycards, I went to park our van behind the hotel. There is plenty of parking and also a grass area where Mr. Tuckers can do his business. Our room was upstairs and the staircase leading up to there was super-wide and easy to climb to our room. It is very close to the side-rear entrance. When we entered the room, we discovered a bottle of Brut Champagne and a personal note hand-written from Mr. Bhat himself wishing us a Happy Thanksgiving. This truly made our family's day. Bhat didn't really need to do this kind gesture for us, but he went out of his way to do so. The room was clean, very quiet, relaxing and we all slept well. I didn't have the opportunity to thank Mr. Bhat in person for his kindness but I did meet his wife during our initial visit at the Travelodge in August. She was equally as kind when I checked-in at the front desk after mentioning we just completed a She offered me a bottled-water.

Bhat showed this to me and my family. We will be staying at this location again for sure including the Travelodge knowing that Mr. Bhat will take care of our needs everytime we come back and visit. We are honored. Hope to meet you in person on your next visit. Stay well and safe, best Regards Bala Bhat. 

They provide a free hot breakfast weekends with typical, but limited fixings due to COVID, as well as with pastries, cereal, fruit, etc. Other days the Continental breakfast is via brownbag at the front desk. Parking was free and excellent. And must mention, staff was super friendly and attentive making our stay enjoyable, particularly Kayla Kerr, the Front Desk Manager who made a point in greeting us with a warm smile. We are happy that we could meet your expectations and the comfort you had in our small size hotel. Thank you again and hope to see you on your next visit to your children at college. Best Regards, Stay well and safe B Bhat. Yes this may be trying times, but with that said - you can still find friendly and kind service with a comfortable place to stay.

And the Breakfast is coming back as things improve. You are just a short drive to Portland where you can do your business and return out of the big city to a more quieter place. Bala Bhat, General Manager at Best Western Newberg Inn, responded to this review Dear Traveller, Thank you very much for the feedback of understanding the difficult situation for everybody and global human beings. We are soon coming out with the satisfactory breakfast once we are out of this pandemic. Thank you again for your feedback and business. Best Regards B Bhat. We stayed here 6 nights during the pandemic while on vacation to wine country. Our room was clean, comfortable, and quiet. The front desk personnel were pleasant and helpful. Breakfast, though okay, was in a bag with very limited choices.

The pool and hot tub were nice but the exercise room needs new equipment and some free weights. Overall, a nice budget hotel with few frills. We would stay here again. It helps. We are doing aa renovation of our gym pretty soon and will see some new equipments in a short while. We are the only hotel who keep the pool open during the pandemic taking extra care and extra work in this area to keep the guests happy.

We evacuated to BW during fires on Chehalem Mountain, during this past week. From the first call to make quick room reservations for my Family till we left, the staff, particularly Kayla and Beth were caring, kind, and helpful. They helped make an otherwise very stressful time, manageable. Proud to say that we did not take advantage of the fire hazard and increase the rates.

We are happy that we could be of some use during these difficult days. I was very impressed with the staff at this hotel. I called to see if we could perhaps switch to a pet friendly room and was told that none were available. But Kayla said she would call other online reservations to see if they needed that type of room or not.

She was able to secure us our room. She could of just told us that no pet friendly rooms were available but she went above and beyond to help us out. For the price hotel was comfortable and also offered a bag breakfast. We try to accommodate as much as possible with in our limits. Thank you for recognizing our effort and complimenting the same. Once again thank you, stay safe, Best Regards B Bhat.

We had a great four day two night stay on August 2nd through 4th for my wife's birthday getaway to wine country on August 2nd. This stay was
originally booked as a jacuzzi king stay through the reservations center as I am a rewards club member and the rates were comparable to trip advisor ones. I checked Trip Advisor the day before we were scheduled to arrive and found that rates had fallen so I called the hotel directly to make sure that our rates would be adjusted and find out what they would be. I emphasized that this was a birthday trip for my wife and that her birthday was the 2nd. Upon arrival, I found that our room was on the second floor, as requested, as my wife is a very light sleeper. There is no elevator for the second floor which created no hardship for us but might for some others, a fact that was noted to us on checkin.

Hospitality was great with Tiffany and all of the girls and one guy at the front desk accommodating and eager to please! Housekeeping was outstanding as well! Our room was spotless and spacious, including a large living room area with a couch, a substantial flat screen tv and a table and two chairs. There was ample closet space, a mini refrigerator, a microwave and drawers for clothes storage and racks for suitcases. The bed was comfortable and firm and there were plenty of pillows and towels and housekeeping was quick and happy to provide additional towels as needed. The lobby area has a computer and printer and you can print a reasonable amount of copies without charge and the front desk staff will assist you if you need help, as I did, and is quick and accommodating in that regard. You receive a pass word for free internet and complimentary newspapers are available upon checkin. Masks are required in the lobby due to coronavirus and the breakfast policy has changed as a result of it as well.

It is still complimentary and substantial but the hot options of eggs and sausage and hot cereals are missing. You get cold orange juice, apple juice, and cranberry juice and milk or chocolate milk and hot tea or coffee or chocolate. There is a keurig coffee maker in the room also with coffee pods and tea bags and ample additional tea bags and chocolate in the lobby. Breakfast includes cold cereals, two types of yogurt, muffins, breakfast sandwiches, bagels with cream cheese and a weird breakfast omlet type of creation with a pancake folded over and encasing cheese and meat which is surprisingly tasty and actually works.

Upon checkin we found a nice bottle of California Grenache red wine in our room as a birthday welcome and gift and it was very good and much appreciated! We very much enjoyed our stay at the Best Western Newberg, finding the rooms outstanding and the staff exemplary and very gracious and accommodating and highly recommend it to you and plan to stay there again when we return for wine country!

The spa room is a bargain and well worth it for a special occasion and we recommend it also! Bala Bhat, General Manager at Best Western Newberg Inn, responded to this review Dear Sexy, Thank you very much for the elaborate compliments how you guys enjoyed your stay eat our cozy place. We highly appreciate your compliments and recommendations. Stay safe, best Regards B Bhat. Quiet, clean and on a main road which was easy to find. Not too crowded plus swimming pool, jacuzzi, and sauna was very relaxing since we were the only ones there! Appreciated that key was not inserted, had sensor so it was one less thing to worry about. Your feedback is well appreciated for being shared in the public media.

We are extremely happy that you enjoyed your vacation in our hotel and enjoyed the facility of the sauna and jacuzzi. Thank you again and hope to see you soon. Stay safe and god bless you Best Regards, Bala Bhat. Excellent service, clean and spacious room, great value for the money. Breakfast can be taken out as well as eat in the breakfast area. Wonderful indoor pool and spa, and work out room with the latest equipment. Highly recommend! We are extremely happy to learn that you had a wonderful stay in our highly sanitized rooms. We have a policy of keeping the checked out room empty for 36 hours to avoid possible contamination. Thank you for the recommendation. This place will rip you off, I used to stay here all the time and they just lost my families business. It's their discrepancy to charge you anything they want and not refund and you customer service is horrible.

Thank you again and hope to see you again soon. Best Regards Bala Bhat. This seems to be a somewhat older property, but it is very well maintained, and very comfortable. The staff, especially Kayla and Beth, and fantastic, friendly, and helpful. The bed is very comfortable, and the rooms are comfortable and well appointed. I can recommend this location for stays when going through the area. Lots of wineries are close to visit, and the Evergreen Air and Space Museum is incredible! We are indeed pleased to know that you have enjoyed staying with us less flashy hotel. This town is a small village town and if the property is sassy and flashy people from the area do not come to us.

Hence it is known to be a economy hotel in the area. Thank you for observing the comfortable beds and the appropriate furnishing and the electrical outlets with lots of provisions for the usbs. Thank you for recommending our hotel for the future probable guests and customers. It is very pleasing to know that our staff were very hospitable. Thank you again. Best Regards C Patel. From the moment we arrived this staff did everything they could do to be a great help and blessing to us. We loved our stay and highly recommend this hotel. The greeted us with open arms and then went out of their way to make sure we were welltaken care of and happy. Thank you. We are extremely happy that you had a wonderful stay in our hotel. We are honored by your feedback. Thank you again for the honest compliments and comments.

Beginning at check in the front desk persons Kayla and Ben were most helpful. I had car trouble and they were very helpful in getting me assistance, it was most appreciated. The Breakfast is pleasant and well attended with staff Ashley and Gracie making sure the food is hot and good. Small things really make a difference in your day and the staff are truly a delight. You will see us again. We are delighted to hear you had a wonderful stay at our small Bestwestern in Newberg. Thanks for complimenting our back bone Kayla and Ben at the front desk. They are our all in all. Thanks for complimenting our breakfast ambassadors Gracie and Ashley. Glad we could look into the minute requirements of our guests. Thanks again for recommending. The breakfast has a superb selection of all types of
Shout out to Kayla for always going above and beyond in providing the best possible service. We are extremely happy that you had an excellent series of experiences in our small hotel. Thanks for appreciating our hot breakfast apart from the compliments to our dearest front desk manager. Thanks again for sharing your happiness in the public domain. The check-in was quick and friendly.

My room was very clean but didn't smell overly of chemicals as can sometimes be the case. Both of these are very important to me. Dirty stuff makes me uncomfortable and overpowering smells give me a headache. The place was really very quiet. That's so important too. I appreciated the keurig in my room with a good selection of Kirkland coffees. All the staff was very friendly from the front desk and breakfast attendant to the cleaning ladies everyone was top notch. Would def stay here again. Very happy to know that you guys enjoyed your vacation in our clean hotel. Was really makes us feel more happy to know that all our staff were caring and efficient. They have been with us for a long time and know what they are doing and needs no supervision. Thanks again for your observation. Once again full hearted thanks for leaving another feather in our cap. Stayed here when I was in between moving. Everyone is extremely kind from the front desk to the attendant in the breakfast area.

Hotel is super clean too. Upon checking out and speaking with Kayla, I had to stay an extra night to get a few things done around the area. Her gesture of making sure I was comfortable and relaxed for my last night was top-notch hospitality. Truly enjoy this hotel. Happy to know that you had an extremely happy experience of staying in our hotel and the service of our dedicated employees. Most of our employees are with us for the last ten years and above and are empowered to deliver best and beyond. Thank you again for recommending our hotel by sharing your stay experience in the public media. Thank you again, Best Regards Bala Bhat. This is not a "5 Star" hotel. It is, however, a great value motel and was perfect for what we needed. The rooms were clean and comfortable. Breakfast was just right. We saw many families using the pool even though we did not. Staff was friendly and helpful. What more could you ask for? It is an older property but the lobby has been remodeled and the price was great.

We are thrilled and honored. We are not a plus but all our service including that of the hot breakfast is at par with the Bestwestern Plus, may be slightly better. Lots of our guests have stated as you did that our hotel is as good as a best western Plus or a Holiday Inn express in service and cleanliness. Thank you again for sharing your thoughts about our hotel in public forum. We love coming to this best western they are hands down the best we have ever visited. From the amazing staff to the super comfortable rooms. The amenities are great from the always warm and clean pool and hot tub, to the great hot breakfast daily. The staff is always ready with a smile. Recommend this location to all and will keep coming back for many years to come. We are happy that you had a great stay and enjoyed our hot breakfast bar.

We are also happy that you enjoyed our pool and hot tub. Thanks again for recommending our hotel in tripadvisor. Thanks again Best Regards Bala bhat. The new renovation shows. First time visit here as we were visiting friends who live in Newberg. We had a king bed with separate sofa bed which was divided by a half wall. Also a somewhat small padded bench in the closet area along with a desk chair. We were able to host our friends in our room for wine. Everything worked and very clean room. Make up remover wipes never had these before, shower cap, all the usual toiletries, iron, board, hair dryer, Keurig coffee maker, refrigerator.

Seven drawers for storage plus desk drawer. Only nit picky comments are: towels are thin and hangers are type that are attached permanently to rod. But staff is super friendly and helpful. Breakfast is more than continental as it includes waffles made to order, scrambled eggs, made up omelet, hash browns. We were really pleased with this stay.

Great value. Our friends were so pleased that relatives of theirs have a reservation. We are obliged that you have shared your review in the public media, which helps the business. We are happy that the room was clean and spacious and had wonderful furnishings. Glad to know that you could host your friends in the room over a few bottles of wine. Very sweet of you that you have taken little time to explain our breakfast bar and the hospitality of the staff.

Thank you again and hope to see you on your return journey. We were in Newberg visiting friends When we found our 2 rooms, we were pleasantly surprised that they were adjoining rooms. When I made the reservation, I had asked for our two rooms to be next to each other, not specifically adjoining. At checkout, I found out that staff had worked hard to give us these rooms. They didn't know how much it would help our family. I have an adult son with autism and the 2 rooms together made it much easier and more comfortable for him to be away from his home.

The breakfast was also very good with a lot of options to choose from. My son loved the hot tub. The beds were very comfortable, not too hard or too soft, with exceptional linens. Everything was very clean. We stayed 2 nights and on our second day, I felt like we were on a cruise ship or at a resort because of how the room was made up. Housekeeping even posed my daughter's stuffed animal on her bed in a super cute way. So much attention to detail. We loved this hotel and hope to stay again. Glad to know that you had a great experience in our Bestwestern Newberg. Hope to see you again very soon. Our staff are hardworking, dedicated employees, rather my family members. Thanks again, Best Regards Bala Bhat.

On a 3 day road trip in Oregon and spent the first night here.

The couple I was traveling with needed a Tesla charging station and this place has one. The room was quiet and there are numerous places to eat within a half mile. The breakfast was better than most Best Western's I've stayed at. Good deal for the price! We are happy that you liked our breakfast and the other facilities. We are extremely happy that our front office manager and the breakfast staff were hospitable. Our simple hot breakfast consists of the following: 1 Four types of cereal. Apart from this above average breakfast we have 24 hours Keurig coffee maker in the lobby having variety of coffee pods including Starbucks. Thanks for sharing your views in the famous Trip Advisor site.

And hope to see you again soon. We stayed there with our infant daughter and the rooms were clean and comfortable. The staff was very helpful, friendly and accommodating with extra linens and a bit of a mess. The breakfast was great. I would definitely stay there again. We are honored to know that you had a wonderful stay with your family in our hotel. Thank you for sharing your happy views in a public media. Thank you again for taking time to review our hotel.
Hope to see you again soon, Best regards B Bhat. The Best Western Newberg Inn was centrally located, a great value and clean and comfortable. We loved the hot tub and the extraordinary spread at the free breakfast; hot foods included bacon, omelettes, hash browns and eggs. There was also tons of fruit and pastries and yogurt as well as a great selection of salsa and hot sauces. Even a frozen breakfast burrito, oats and hard-boiled eggs! The rooms were clean and simple and quiet. Great stay and highly recommended!

Delighted to hear that you had a wonderful, comfortable stay at our clean hotel. It is a pleasure you have enjoyed the hot tub and the variety of the breakfast bar with unlined supply of fresh cut fruits and other items which are not available in other best western hotels. Thank you again and hope to see you soon on your next visit. I have stayed in many, many BWs. This motel stood out from the rest. The normal BW breakfast is sparse and minimalist. This motel clearly looked for ways to delight. Hand cut fruit, extra ingredients for breakfast items, table cloth on the table, delightful and cheerful breakfast area staff. We are very much pleased that you had a very comfortable stay. We are very keen to maintain consistent quality and the minute details of everything in the hotel.

Ours is the one of the best pools in town and only hotel to have a sauna in town. I was greeted by a pleasant speaking well groomed young man. Who was very informative and who also gave me info on rewards and discounts without asking. I was very pleased with my overall stay and the employees. We are happy that you could see our level of hospitality and the rewards program we have. Thank you for the appreciation. Hope to see you again soon. What a clean and comfortable hotel. We had a great stay. The breakfast was delicious. Customer service was excellent. Ben was super helpful with our reservation and our check in. Great value and would return. We are happy that we could meet your expectations and all our staff were helpful and obliging.

We are happy that you liked our breakfast and the pool. Best Regards, B Bhat. Great clean hotel with spacious rooms, comfy beds, Kuerig coffee maker and fridge in room. Water offered for free at front desk. Nice breakfast too! I’d return to this hotel for the value. There are other resort style hotels in the area but this is exactly what we needed. Quiet, clean, located near our events. Thank you for letting us know how you enjoyed with our in room facility like coffee, the breakfast varieties.

Thank you again and hope to see you with your friend on your next wine tour. Picked this place because it was close to the wineries and an easy access location. The first night was rough, loud neighbors and loud side door usage. I informed the on duty the next morning and she immediately jumped into action to rectify the issue, placing before us several options of what could be done to have a better stay. Our issues were rectified and night two was a dream. The breakfast center was very well tended to and the hotel was clean and all the staff was very attentive and helpful. Good value for the stay and Kayla made all the difference with her customer service. Only down side was some of the workout equipment was not working properly. Overall it was clean and comfy. Thanks for letting us know so that we could take immediate action. Thank you for taking time to write a review of our hotel in the public media. We are happy you had a wonderful stay for the other nights in our clean hotel and you also enjoyed the breakfast varieties.

Thank you for sharing your opinion in tripadvisor. My wife and I came to the Newberg area for a few days of wine tasting. Upon checking in at the hotel, we were greeted by the most friendly Kayla. She was one of the most cheerful people that we could have hoped for. She was very professional and experienced. She gave us winery recommendations along with an excellent dinner location that we tried Subterranean - A Wine Cellar Restaurant. The meal was very good. The hotel room was very clean and comfortable. The location is easy access to wherever you want to go. Thanks Kayla! You are a great ambassador for Best Western and Newberg. We are happy that you had a wonderful stay at our place and you had great experience in the food place suggested by us. Thanks again for sharing your experience in our hotel. Love staying here. We have spent the past 3 years staying here for my godson’s football games and I love how clean, relaxing, welcoming and comfortable this place is to visit. The breakfast is not only amazingly good, but everything is meticulously clean and well maintained.

Thank you for sharing your review in the public forum. We are really happy that you had a wonderful stay in our hotel and you liked our unlimited hot breakfast buffet. Thanks again and hope to see you again soon. My husband and I spent three nights here while we enjoyed some wine tasting in the Willamette. We found Newberg to be a fairly central location with a lot of the wineries we chose to visit being within a half hour drive or less. There were restaurants close by as well. The room we had was a good size with a comfortable bed. It had a microwave, a Keurig coffee machine and small fridge. The one thing I didn’t like was that the room smelled quite strongly of bleach when we first walked in.

We found the breakfast at the hotel to be one of the better free breakfasts in our experience. The eggs actually tasted like eggs, this is not always the case! There was also a bowl of fresh cantaloupe cut into pieces every morning which I’ve never seen before, along with apples, bananas and oranges. It also had a waffle machine, oatmeal, biscuits and gravy, yogurt, cereal, muffins, bread bagels and English muffins. Lots to choose from. We are honored and obliged to know that you had a wonderful stay at our hotel. It is also a pleasure to know that you have enjoyed the wine tasting trip to the Willamette valley in the yamhill county. Thank you for giving details of our unlimited hot breakfast and the other room facilities.

Thank you for sharing your review in the public forum which really helps. Thank you again and hope to see you on your next trip. We stayed at Newberg Best Western for the evening before our hot air balloon ride in order to not have to rise at 3AM. It is one of the nicest we have stayed at: very clean, wonderful staff and convenient. Thank you for your letter of experience of our hospitality and the cleanliness of the hotel and atmosphere. Thank you again for sharing your superior experience in a public forum.

Sincerely yours Bala bhat. I was shocked to see a bad review of this hotel. My husband and I stayed here 3 nights, and our friends stayed in the room next door. We were very pleased with everything about this hotel and would most definitely stay here again. Our room was spacious, clean and very quiet. Comfortable bed and bedding.
There is an indoor pool, exercise room and surprisingly, a sauna. All the staff we encountered were friendly and helpful. The free breakfast was very good, much better than expected. The location was perfect for our wine-tasting forays and an easy 7-minute walk from a terrific restaurant. The price was very reasonable—a good value. However, this hotel has opened my eyes to Best Western. We paid less and got more! The largest membership co-operative in the hotel business. Thank you for your review of appreciation and the height of hospitality practiced by our dedicated staff. All the more sharing your review in a world renowned public forum. Hope to see you again with your friends for the next visit to the beautiful wine country.

I recently stayed at the Best Western in Newberg, Oregon for nearly 9 months during a transitioning period and had the best experience. I was under some financial restraints and was only able to book a room for a week at a time. Kayla, at the front desk, handled all of the bookings and was able to keep me in pet friendly rooms for my entire stay. She was always very polite and respectful and treated me like family. She even made sure my family was well taken care of when they came up for a visit and at one point my son was calling her Aunt Kayla.

I highly recommend the Best Western in Newberg, Oregon and am grateful for my stay there. Thank you again to Kayla and the entire staff at Best Western. We are extremely happy to know that you felt home at our hotel. Happy to know that Kayla could accommodate the financial part for your stay. Thank you for appreciating our efforts and complimenting and share the compliments in the famous tripadvisor public media. Regards Bal Bhat. I always review hotels before making a decision. Sorry to say that this was by far one of the worst Best Westerms I have stayed at Upon arriving the front exterior looks great, the lobby is updated all good so far Until we walk into the area where the rooms are The room is below average, a musty smell, the bathroom wreaks I feel sick from the waft of the bathroom. The room is old, depressing The buffet was decent, a decent selection of breakfast food Thats the inly good thing I can say about the hotel. Felt more like a run down motel.

A guest subsequently stayed in the same room has immensely praised the comfort of the same room and the bed. May of our guests are also have asked about the veracity of your review. However we are sorry for your personal opinion and next time we will try to get you a room in Allison, Newberg. We are not able to understand the word "inly" in your response. Please don't do it. Once again sorry for your feelings about our property.

Hope to see you again in newberg or, the beautiful wine country. We stayed here during our college scouting trip. It is very close to George Fox and there is a great Starbucks a short distance down the street. Our view was pretty non-existent, but we were not there for the view. Check In and Check Out were smooth. We are glad to know that you have enjoyed our well furnished , clean rooms. Hope you have decided about the college by now. We are the close property to the college with special rates for the college visitors. Newberg town is the second safest safe town in Oregon and highly recommended. Hope to see you again to complete the admission formalities soon. Staff here are all amazing and friendly. Everything we needed was accommodated to the best of their ability. The breakfast makes traveling so much easier and it's close by tons of food and grocery options. Thank you for choosing best western family and welcome to the family. Thank you again and hope to see you more often.

Last but not least thank you for sharing your views in the public forum. The rooms are beautiful, the staff is very nice and friendly also the breakfast is very good. The swimming pool is good. In the breakfast room you can make waffles, they have also scrambled eggs with sausages, also there is sweet bread. We are happy that we could meet your expectation and give a memorable experience of stay in our hotel.

We are pleased also to know that you have enjoyed our hot breakfast and the clean heated pool. Thank you again and hope to see you again. Sincerely yours B.Bhat. This hotel was perfect for our needs. The location was very good for our visit to the Willamette Valley wineries. It is very reasonably priced and the room was very adequate and clean. They offered us an upgrade as I have been a Best Western Member for many years. It was a larger room but on the second floor and there is no elevator. We were fine but I think that is stupid to have a second floor with no elevator.

Anyways, the staff at the front desk was very friendly and helpful- they helped me plan our way through Portland to avoid traffic jams. We are happy that you had a wonderful stay and have enjoyed our facility. Our hotel was built in and then there were no elevators in the whole town. Hence the existing problem. However our staff are always ready to help with the heavy stuff to take to the upper floor. Thank you again for your business and hope to see you again soon.

The Hotel was extremely convenient to the University. Kayla, the front desk manager in the morning was extremely helpful in giving us advice to visiting Silver Falls, definitely worth it, downtown Portland, and other things about the area. Didn't really try the breakfast but it looked like what one would find at other hotels. Thank you for sharing your superior experience in the public media. It is true many hotels of the same cadre do not serve the variety. We are like best western plus in the breakfast bar. Thank you again for complimenting our staff. Thank you again and hope to see you again when you visit your kids in college. The bed and pillows were very comfortable and the room was dark great for sleeping. The bath room was a little small for getting ready but other than that the room was nice. The pool and hot tub was nice for the hotel.

We are delighted and honored to know that you had a fabulous stay in our Newberg Inn. Shipping and handling fees are not refundable. Upon arrival Polk County Deputies discovered Mr. Ryan Muniz had sustained multiple gunshot wounds and had succumbed to his injuries. Gonzalez-Salcido matched the description of the suspect provided to the Polk County Deputies on scene. A Polk County Deputy noted Mr. Gonzalez-Salcido was pushing a lawn mower down Hidden Valley in an attempt to mislead deputies as to his involvement in the incident. Gonzalez-Salcido was detained at the location and eventually taken into custody and transported to the Polk County Jail where he was lodged on charges of Murder in the Second Degree, Unlawful Use of a Weapon and Felon in Possession of a Weapon. During the investigation Detectives learned Mr. Muniz and Mr. The investigation is ongoing to determine the motive for the shooting. It was reported there was a male walking around a vehicle and hitting it with a baseball bat.

Officers arrived on scene and attempted to make contact with the male at the described vehicle. The male, determined to be year-old Samuel Levi Jemnett of Oregon City, Oregon, was uncooperative and argumentative with officers and locked himself inside the vehicle. While at the location, officers noticed there were two juvenile females also in the car. Further investigation determined that Jemnett was believed to have unlawfully taken two of his children and fled with them about a month prior. The two juveniles, ages 9 and 7, were listed as missing endangered and there was an active court order for them to be taken into protective custody when found. Jemnett had locked himself in his vehicle and officers began trying to negotiate with him in an attempt to get him to safely release the two juveniles. Jemnett refused to cooperate and started his vehicle. As Jemnett drove away he ran over spike strips that had been previously positioned in the event he attempted to flee with the children.

Officers pursued the vehicle with lights and sirens as it fled, but the spike strips had been effective, deflating the two rear tires on the vehicle. Again, Jemnett refused to exit the vehicle and grabbed onto one of the children. Due to safety concerns for the children, officers deployed the Taser and physically extracted him from the vehicle. Jemnett continued to fight and kick officers as they were removing him, but he was eventually taken into custody.

The two children where immediately taken into protective custody by officers who were not part of the arrest team. Inside the vehicle officers found numerous used syringes as well as a loaded handgun. The vehicle was later towed from the scene by a local tow company. After being taken into custody, Jemnett was also transported to Samaritan North Lincoln Hospital for medical evaluation and treatment of minor injuries. The investigation is still open and additional charges could be filed. We are grateful no serious injuries occurred during the incident. Several factors determine how much the credit will be, including the category the new hire qualifies under, and their annual hours and wages. This credit is available to employers who are hiring individuals who face barriers to employment, and includes many broad categories of individuals including veterans, people receiving SNAP or TANF, or people recently released from prison. Our WOTC team can help employers start using the tax credit program. To receive the credit, they need to add two simple forms to their hiring process and then submit them online to the Employment Department through our online portal.

More information is at OregonTaxCredit. After submitting information using the contact form, a WOTC team member will reach out to employers within one business day. Before flames could reach the homes the blaze was knocked down by firefighters with Clark County Fire District 6. The fire was reported shortly after this morning, and quickly spread from Lakeshore Avenue up the hill toward a neighborhood of large homes. Three engines and one squad were called to the scene, and firefighters donned wildland fire gear to traverse the steep hill and get water on the flames. The duplex did not have a fire sprinkler system. When a fire sprinkler system is present, the likelihood of injuries and costly damage is dramatically reduced. In that given series, the fields were feeling the effects of a recent rain, and as a result the lines were soft and the footing out of the box was sluggish; in fact, sporadic precipitation left its fingerprint on the notebook itself, as the pages for this series were partially stained with the residue from the rain. The prospect in question routinely clocked 4. However, the speed was clearly depressed somewhat by the conditions in the running game, making the average grade I placed on his wheels inaccurate. For the same prospect, I suggested that the bat speed was impressive; it seemed legit but I missed that recognizing quality bat speed is difficult. Because of the results at the plate during the series, I assumed the prospect could swing the bat because of the undeniable production and, as I mentioned, the seemingly impressive bat speed.

I went forward with this take and, when looking back, expected to have the notes to back up this claim. When looking back at the notes, I stumbled upon several pitch charts from the opposing team. After a more focused dissection of those notes, I discovered that not a single pitch that weekend touched what I would label as plus fastball velocity, the average fastball worked in the range, with a few bursts of velocity touching as high as As I continued to read the charts, I also noticed the extremely heavy fastball usage; starters used the pitch almost 50 percent of the time, including first-fastball pitches from a starter to every hitter during the course of the series. Because I was scouting a single prospect—not focused on the opposition—I missed this obvious skill deficiency. Looking back at the on-field production I mentioned—three singles and three doubles—I again turned to the all-knowing bosom of the notebook.

Fail 2. I documented what the pitcher was doing, but the on-field production proved too easy to ignore. Watching a prospect rip a double into the gap is difficult to criticize in that vacuum. But the quick hands might have appeared quick because the hitter anticipated a fringy fastball to start the sequence and accelerated the trigger to cheat into the zone. A second looks shows that the hitter should be championed for putting wood to ball in game action, but given the level, performance, and tell of his adversary, allowing the hitter too much credit as I initially did turned out to be inaccurate scouting. Results can be misleading, especially at the lower levels. Scouting is often subjective and, on top of that, often inaccurate.

I have very good friends in the industry, ranging from bloggers with boots on the ground to scouts to front-office personnel, so I can get an opinion on a player if I need one. My point is that I would rather give you my opinion of a player, whether or not that happens to paint me as a prophet or a putz. Those notebooks should allow for a quick and informative descent. This article was insightful, thought-provoking, and most of all honest, Jason. Thanks so much for giving us such an in-depth glimpse of your thought process, and believe you me that your unique perspective is greatly appreciated. I can certainly relate to your experience, and I have found that the art of player evaluation is made all the more challenging by the fact that the same player does not show up every game. This issue is glaring when it comes to pitchers and mechanical timing, where results often come down to whether or not they can harness consistency on that particular day. I do have to admit a lean toward the digital age, though my device of choice is a digi audio recorder. I have found that the inflection and emotion conveyed through tone can help to put a performance in context, which is key for someone who often struggles to convey tone through print. Reply to tombores I cannot stand this environment where 20 year old bloggers read the opinions of five or six "industry experts", then compile lists and notes as if they actually bring something new to the table.
To top that off, they actually take it to an entirely new level by actually arguing other's opinions. In your writing and podcasts, it's clear to me that you bring objective opinions, a unique and entertaining style and a palatable passion and desire to be good at what you do. Too many people travel the easy road and survive in the herd mentality. You are separating yourself by not fearing being wrong.

Perilla 1. Chloroplast 1. Fail 2. I documented what the pitcher was doing, but the on-field production proved too easy to ignore. Watching a prospect rip a double into the gap is difficult to criticize in that vacuum. But the quick hands might have appeared quick because the hitter anticipated a fringy fastball to start the sequence and accelerated the trigger to cheat into the zone. A second looks shows that the hitter should be championed for putting wood to ball in game action, but given the level, performance, and tell of his adversary, allowing the hitter too much credit as I initially did turned out to be inaccurate scouting. Results can be misleading, especially at the lower levels. Scouting is often subjective and, on top of that, often inaccurate. That takes time. Lots of time. The notebooks keep me motivated to improve, with a focus on taking more detailed notes, logging more eyewitness accounts, and less reliance on the eyes of others.

There will be times that I will have no doubt choose to trust the thoughts of those within the industry, as their experience is superior to my own and their opinions should be received with the appropriate weight. I have very good friends in the industry, ranging from bloggers with boots on the ground to scouts to front-office personnel, so I can get an opinion on a player if I need one. My point is that I would rather give you my opinion of a player, whether or not that happens to paint me as a prophet or a putz. Those notebooks should allow for a quick and informative descent. Thanks so much for giving us such an in-depth a glimpse of your thought process, and believe me that your unique perspective is greatly appreciated. I can certainly relate to your experience, and I have found that the art of player evaluation is made all the more challenging by the fact that the same player does not show up every game. This issue is glaring when it comes to pitchers and mechanical timing, where results often come down to whether or not they can harness consistency on that particular day.

I do have to admit a lean toward the digital age, though my device of choice is a digi audio recorder. I have found that the inflection and emotion conveyed through tone can help to put a performance in context, which is key for someone who often struggles to convey tone through print. Reply to tonboreos I cannot stand this environment where 20 year old bloggers read the opinions of five or six "industry experts", then compile lists and notes as if they actually bring something new to the table.

To top that off, they actually take it to an entirely new level by actually arguing other's opinions. In your writing and podcasts, it's clear to me that you bring objective opinions, a unique and entertaining style and a palatable passion and desire to be good at what you do. Too many people travel the easy road and survive in the herd mentality. You are separating yourself by not fearing being wrong. That's also why we may lose you to an industry job too.
